

## **Statement from Bishop George Leo Thomas on the murder of Dr. George Tiller**

**June 5, 2009**

I unequivocally condemn the murder of Dr. George Tiller that occurred in Wichita, Kansas. Every human life is of infinite value and deserves the dignity and respect of being made in the image of God. Acts of violence, such as this killing, stand in contradiction to the most fundamental principles of the Pro-Life movement. I pray for the consolation of Dr. Tiller's family and friends and prayerfully commend him to the mercy of God.
